

Salaried General Practitioner

Background –

A fantastic opportunity has arisen to work as part of a growing NHS Healthcare organisation in Somerset which is working towards providing the best enhanced primary care and patient service in the county. Symphony Healthcare Services is embracing general practice changes and offering an alternative approach to delivering traditional primary care. You will be working alongside GP colleagues within a practice with the support of a proactive, patient focused practice team in a truly flexible position to suit your needs.

As well as a generous salary there is also additional income available for specialist GPs, and for an out-of-area GP there is a generous relocation allowance available.

Salary – Negotiable + Indemnity paid, NHS pension, 6 weeks annual leave, study leave

Location – Highbridge Medical Centre, Somerset

The surgery –

- 13,400 list size
- Excellent premises with high quality clinical rooms and an on-site pharmacy
- New Clinical Leadership recently introduced
- Enthusiastic and committed practice team, clinical and non-clinical
- Role would work alongside permanent GPs and a strong nursing team of Advanced Nurse Practitioners, Practice Nurses, ECP/Paramedics and HCAs
- Excellent support team available both clinically and administratively
- Varied patient demographic

Your role –

- Part-time and full-time hours considered
- Huge amount of flexibility to design your own role
- Salaried GP role

The benefits –

- Salary negotiable
- Indemnity fees paid
- 6 weeks' annual leave
- 4 hours per week study leave
- BMA model contract
- NHS pension
- Development - Somerset GP Education Trust (SGPET) provide local development events which attract CPD points. Membership of SGPET is paid by Symphony Healthcare Services.
- GP refresher courses are held in Taunton twice per year
