Launched in 2015, Barnsley Healthcare Federation is an ambitious and inclusive organisation focused on enhancing the way in which primary care at scale is delivered within the Borough. Our vision is to deliver a robust publicly funded health and social care service which meets the needs of the local community. We believe that regardless of location or need, every patient should receive the same high standard of care, at times when they need it most.

We manage practices in Lundwood, Brierley, Highgate and Goldthorpe, and also have a number of other innovative services in Out of Hours, Home Visiting, and GP Streaming to name a few more!

We have some exciting opportunities for Salaried GP's in both Clinical and Development roles in the Federation. If you have a specialist interest, then we can support you in developing that interest.

We are looking for enthusiastic, forward thinking GP's to join the Federation and provide optimum Primary Care at scale, to fulfill the healthcare needs of Barnsley.

Candidates must possess a positive attitude, be fully registered on the General Medical Council Register, have a recognised certificate of Vocational Training as well as having the ability to work as part of a team.

Evidence of continuous personal and professional development, an awareness and understanding of the NHS reforms and the impact this has had on primary care is essential.
