

Hi - this is from Zoe Norris, Yorkshire GP

Please circulate to all doctors in your practice who work in a salaried or locum role .

Hester Dunlop
Kirklees LMC Sessional GP rep

Dear all,

Today has seen the launch of the first survey for salaried and locum GPs since 2010.

<https://www.bma.org.uk/collective-voice/policy-and-research/education-training-and-workforce/sessional-gp-survey>

The questions have been devised by the sessional subcommittee and I would hugely appreciate your help to share this as widely as possible.

It is open to everyone whether BMA members or not, and is applicable for any GP who works in a salaried or locum role including partners who may have additional roles.

We have included representation by LMCs in the questions and I hope the results will help with engagement across the board.

Many thanks,

Zoe.

Dr Zoe Norris, Chair of Sessional Subcommittee, GPC UK
