Dear Sir/Madam,

We are contacting all Training Practices and VTS to provide information about a **FREE** CPD/learning event hosted by CliniCall CiC to Doctors throughout the region.

Doctors do not always get access to free training and CPD outside of their Training Practice however, we are in a position to provide your training Doctors with this attractive opportunity.

We are based in Lancashire and work heavily with Practices throughout the North of England. We are able to offer ongoing support to qualifying GPs as well as work opportunities if and when they move on from training.

Since 2012, we have offered free revalidation events nationally which focused on various issues. We hosted an event in Sheffield around Revalidation which was well received. Such events have helped raise the profile of Clinicall CiC so much so that we were nominated as finalists in the New Business category at the 2015 Red Rose Awards in Lancashire.

Once we have finalised a host venue and date for this upcoming event along with a guest speaker from the medical profession who will discuss a contemporary hot topic, we will contact you again with all the details. We would then kindly request that you relay this information to any trainees in order to generate interest and guarantee a good turnout.

Of course, should your Practice require any locum cover in the meantime, please feel free to contact us. We work with many Practices throughout Yorkshire and would be pleased to expand our services further.

**PS details of our referral incentives are at the bottom of this email.**

Kind Regards

**Jae Lewis**
