

Opportunity for you to join us as a Partner - Pensilva Health Centre

We are a growing, rural practice with a current list size of 4870. In addition to our dedicated staff we have supportive patients who value our care.

Recent retirements have led to a younger workforce and we are now looking for a new person to join us so we can continue to provide good quality patient care.

Minimum of four sessions required to join two existing partners and four salaried doctors.

We work in a spacious, purpose built health centre, in a pleasant, surrounding area.

Our dispensary is profitable and efficient.

Work- life balance and opportunities for developing outside interests are encouraged.

Do you have strategies / ideas for primary care in the future NHS?

Please contact Catherine Pickstone on 01579 362249, Catherine.pickstone@nhs.net, our Practice Manager to learn more or see our Practice.
